The time for war has come, the fight is on!

Marching in cadence now, The Lord's brigade is set

A troop of champions, Army of God

We've seen His angels dash, We've heard His trumpet call,

We walk the battlefield where Jesus trod

We fight the enemy, Not flesh and blood to wound

But wrestle with the pow'rs of death and hell

Jesus our Champion o'er Satan the vic'try won

Whose head is crushed and who

Like lightning fell!
